Discover
Decide & Achieve
an extraordinary life...

An innovative school should instill in a child lifetime love for learning and knowledge, and provide the foundation for all-round development and excellence. Develop the best that is latent in children and to encourage the child to explore the joy of learning.

The mind and the spirit of children have to be awakened to look for, search and learn whatever is new to them. School Curriculum should be linked from the pre-primary level and is closely monitored providing the best opportunity for students to develop academic skills and gradually expand their knowledge..

We at Oceanic Mind School have designed various teaching and learning strategies that recognize children's multiple intelligence, along with care and individualized attention to nurture children to grow to their potential and, most importantly, develop lasting values and strength of character. We pride ourselves on being a future-ready, happy school. We look to the future with a strong commitment to making a difference in the lives of many young minds. S

Sincerely

Digvijay Narayan Singh

Educational Tour

“Field trips are a great way to bring excitement and adventure to learning.” Amber D.walker

An educational tour is an off-campus learning activity that brings excitement and adventure to learning. A well-planned educational tour is an ideal way to introduce new skills and concepts to the children. At Oceanic Mind School we organize educational tour every academic year.

Parenting Pathashala

There are no weak or untalented children. They are just children and each thinks differently. To unleash the true talent within child & to bring out the best in her or him, parents need to be educated by themselves to educate their child.

Parenting *Pathashala* is a platform where we help parents to learn the golden principles and behaviours, that will guide them to raise happy and confident children. We'll teach parents how to help their children to handle themselves well, enjoy life, respect others, be decent, thoughtful, and to stand-up for what they believe in.

At Parenting *Pathashala* you'll get more out of being a parent, and they'll become all they can be. The rules of parenting *pathshala* puts everything in perspective, you in control and your children on the path to becoming successful, independent adults.

"Your child is a mirror of your actions and your overall personality, Whatever you think, perceive & speak, will get from your child. "

Green Bharat Go Green Initiative

AT OCEANIC MIND SCHOOL WE COMMIT OURSELVES TO PLANT 2
TREES TO KEEP OUR ENVIRONMENT HEALTHY

A Greener Life. A Better Life

Trees are the longest living organisms on the planet and one of the earth's greatest natural resources.

- ⦿ By cooling the air and ground around them, the shade from trees helps cool the Earth's temperature.
- ⦿ Trees lower air temperature by evaporating water in their leaves.
- ⦿ Trees are good noise barriers, making a city and neighbourhood quieter.
- ⦿ Tree roots stabilise the soil and prevent erosion.
- ⦿ Trees provide protection from downward fall of rain, sleet, and hail as well as reduce storm run-off and the possibility of flooding.
- ⦿ A single tree produces approximately 260 pounds of oxygen per year. That means two mature trees can supply enough oxygen annually to support a family of four!.

ओशनिक माइंड स्कूल जिले का बेहतर संस्थान है। मेरे तीन बच्चे विद्यालय में पढ़ रहे हैं। तीनों में गुणात्मक विकास हुआ है। मेरी बड़ी बच्ची पारिजात क्लास 2, बेटा कौस्तुब क्लास 1, एवं छोटी बेटी उन्नति नर्सरी में है। उच्चारण, रीडिंग, राइटिंग बेहतर हुए हैं। अनुशासन एवं टाइमिंग बहुत अच्छा है। सबसे बड़ी बात है की बच्चों में पढ़ने के प्रति ललक पैदा हुआ है। कुल मिलाकर कह सकते हैं कि बच्चों में ग्रोथ संतोषप्रद है। विद्यालय के प्रबंधन, गुरुजन, स्टाफ सबको बहुत-बहुत धन्यवाद।
